

move\_piece

```
graph LR; A[move_piece] --> B[copy_piece_to_screen]
```

A flow diagram consisting of two rectangular boxes connected by a blue arrow. The first box on the left is gray and contains the text 'move\_piece'. A blue arrow points from the right side of this box to the left side of the second box. The second box on the right is white with a black border and contains the text 'copy\_piece\_to\_screen'.
